This is a Hungarian currency account but you **do not** need to convert your dollars to Hungarian Forint before making the transfer. Our bank will automatically convert dollars to Hungarian Forint. There is a minimal fee on our end of just under 0.25% of the amount you send. Your bank will be able to provide you with information regarding their fees for this.

Please **DO NOT** transfer more money than necessary to pay for your school bill. We are not able to return large amounts of change in cash because of bookkeeping reasons. It is important to calculate your payment as closely as possible to avoid a large overpayment. The link [HERE](#) will help you calculate your school bill according to the current exchange rate. It is best to transfer a little bit less and pay the difference in cash by pulling money from the ATM.

After sending a bank transfer, it is very important that you fill out the form found at the following link as soon as the bank transfer has been requested: [www.formdesk.com/wolhungary/student\\_payment](http://www.formdesk.com/wolhungary/student_payment). If you do not fill out the form at this link, it will be difficult for us to identify your transfer when it arrives. This information is very important so that our Financial Department is aware of an incoming transfer and its sender.
