

## What is the advantage of the Bible Institute in Hungary?

- **Cost:** The average Christian college in the United States costs around \$35,000 per year, while the BI in Hungary costs only \$8,500. That is a savings of over \$26,000! Cost-friendly credits from the BI can later be transferred to Christian colleges and universities.
- **International Exposure:** Our participants come from many different countries, including Hungary, Brazil, Romania, Ukraine, Poland, Serbia, France, Germany, Canada, US, and more! Studying at the BI in Hungary gives our participants a chance to discover other cultures and make life-long friendships.
- **Life Change:** Imagine what one full year of Bible study and Christian fellowship can do! Not only do our participants grow in their knowledge and desire for God's Word, but they are challenged in their spiritual growth and understanding of God's will.
- **Ministry Experience:** Every participant has a weekend ministry, which allows him or her to discover and develop their spiritual gifts, as well as prepare for a lifetime of Christian service. Weekend ministries allow our participants to take what they have learned in the classroom and put it into practice.

## What is the cost?

We ask our participants to pay in Hungarian Forints (HUF). The following costs are the forint values, at a conservative 215 HUF / \$1 USD exchange rate. The USD price may be slightly higher or lower, depending on the current exchange rate.

### The costs and discounts for the 2015-16 school year are as follows:

Course Fee:	\$4,500
Room & Board:	+\$4,000
Total:	\$8,500 (1,820,000 HUF)

### Discounts:

- Dependents of Christian Workers = 40% off total price
- Resident Assistant Discount = 20% off total price
- Recruitment Discount = 10% off for every participant who attends the BI because of you.
- Early Payment Discount = 5% off total price for paying your entire bill by the end of September.
- And several more!

## Which schools will accept my credits?

Many of our international graduates are able to transfer their credits to a number of fine, accredited Christian colleges and universities in the United States, and throughout the world. This is possible because of the Bible Institute's excellent academic program and proven leadership development.

In general, any Christian college that accepts credits from Word of Life Bible Institute in the U.S. will accept ours as well. If WOL Hungary does not have a preexisting credit transfer agreement with the school you wish to attend, we can begin a conversation with that school upon your request. It is important to know, however, that each school reserves the right to make final decisions concerning issues of credit transfer.

When an individual desires to transfer credits to a new school, our Academic Office will provide that school with the information needed to evaluate the WOL Hungary academic program. Our Academic Dean will be in correspondence with the school's registrar.

## How many of my credits will transfer?

Each school makes their credit transfer decision based upon a number of factors. Participants who attend our Bible Institute for one year can typically transfer one full year of credits, entering the school of their choice as a sophomore. Those who study with us for two years can typically enter their new school as a junior. Our Academic Office has credit transfer information on file for the schools who already accept our credits. Acceptance of your credits by secular schools will probably be significantly less. Upon request, we will send official transcripts of your grades to any school.
